# ALLIGATOR **sens.it**® **RetroFIT-Kit**

The **sens.it**® TPMS retrofit solution for your vehicle!

**For all of those that want to retrofit their passenger car, transporter and / or motor home with a tyre pressure monitoring system!**

The ALLIGATOR **sens.it**® **RetroFIT-Kit** increases your safety and reduces your costs. You are informed immediately in event the pressure in the tyre changes.

This helps to avoid breaking down, reduces the fuel consumption of your vehicle and extends the service life of your tyres.

## Your benefits from optimum inflation pressure:

- ✓ Reduces the risk of accidents
- ✓ Reduces fuel consumption
- ✓ Increase the tyre service life
- ✓ Increases braking performance
- ✓ Protects against tyre damage
- ✓ Reduces CO2 emissions / environmental protection

## Benefits of the **sens.it**® **RetroFIT-Kit**:

- ✓ Simple assembly and installation
- ✓ **OEM quality**
- ✓ Universal solution that matches almost all aluminium / steel rims
- ✓ Measurement of the pressure and temperature in the tyre
- ✓ The display is easy to install in the vehicle cockpit
- ✓ Safeguarded against theft
- ✓ Safe - even for fast vehicles (more than 210 km/h)
- ✓ **Spare parts can be obtained from wholesale trade or the workshop at any time**

## Technical data:

- Valve hole diameter 11.3 + 0.4 mm
- Frequency 433.92 MHz
- Sensor pressure range up to 8 bar
- Precise display of inflation pressure and temperature
- Valves available in different colours

## The ALLIGATOR **sens.it**® **RetroFIT-Kit** comprising:

- 1 x Display with CR2450 button battery
- 4 x **sens.it**® sensors with valves
- 1 x Magnet (for securing the display)
- 1 x Assembly instructions for valve and sensor
- 1 x **RetroFIT-Kit** operating instructions
