# ALLIGATOR **sens.it®** Starter-Kit

## ... Launch of Tire Pressure Monitoring System (TPMS) in Europe

ALLIGATOR introduces its product **sens.it** in Europe proven in the USA over the past years. One programmable sensor can be used for almost all vehicles with TPMS.

The sensor can be programmed optionally by a USB programming tool or a mobile TPMS diagnostic tool.

Thus an individual solution with appropriate investment can be offered depending on the size of the workshop.

The product will be distributed by selected wholesalers in all European countries.

## Introductory Offer

### Starter-Kit consisting of

- 1 Programming tool
- 8 RS3 sensors 434 MHz
- 8 PKW Valve-Kit 43LMS, silver

**Part no. 590919**
